IMPORTANT NOTES

You should read this poster together with our Guide To Our Savings Accounts brochure, the relevant product leaflet, Account Terms leaflet and the Interest Rates leaflet. Interest is paid annually unless otherwise stated. Interest rates and account terms are variable under our Investment Conditions unless the special conditions for a particular account say otherwise, eg fixed rate accounts.

Bank Rate is the Bank of England's Official Bank Rate and is currently 3.00%. *Gross means the contractual rate of interest payable before the deduction of income tax at the specified rate. †The AER (Annual Equivalent Rate) illustrates what the interest rate would be if it were paid and added each year. All savings products advertisements which quote interest rates should contain an AER so you will be able to compare more easily what return you can expect over time. *The Net rate is an illustrative rate only allowing for deduction of income tax assuming continuation of the current prescribed rate of 20%. (The tax position affecting our accounts is subject to changes in the law.)
